

Dear Parents/Guardians:

September 28, 2017

Consistent with Guidelines set forth by the Department of Education, Hearing and Vision Screenings are performed each year on entering students in pre-K or K, 1st, 3rd, 5th and 7th graders. Additionally, parents or staff may refer a student for screening at any time there is a concern. **Vision** screening will take place on **October 4th**. With your permission, The Lions Club of Stratton-Eustis will perform the vision portion of the screening. Permission forms are attached for the Lions Club. **Hearing** screening will be performed on **October 5th**.

Finding and correcting hearing or vision problems early will help your child succeed at school!

Thank You,

Trisha Lebeda R.N.

Stratton School Nurse
