

Skating 2018

Stratton has an ice rink located between the tennis and basketball courts in Blanchard Park, off from Pine Street. Community members have volunteered their time and energy to construct and maintain this for the season.

Thanks to the PEP Grant and Jim Brochu's donations of new and gently used skates, Stratton School would like to assign a pair to each student with assurance from parents that they will be accountable for each pair.

(Please read and fill out the following contract so your student may receive an assigned pair of ice skates.)

*My son/daughter _____ has permission to receive a pair of Stratton School assigned ice skates. Under parental supervision, these skates are assigned to promote physical activity. As with any sport or activity I, the parent, realize and will take responsibility for any injury that may occur.

*Skates will be expected to be at school on assigned Phys-Ed days.

* Skates will be returned to the School at the end of April vacation.

* Skates will be assigned with coordinated numbered bags.

* Shoe size _____

Parent's signature: _____ Date: _____
