May 14, 2018

Dear Middle School Parents:

In accordance with the state approved health guidelines, **5th and 6th grade students will be receiving education on topics discussing puberty and related health concepts. The 7th and 8th grade students will receive education on prevention of unintended pregnancy and sexually transmitted diseases.** These lessons are currently scheduled for May 23rd.

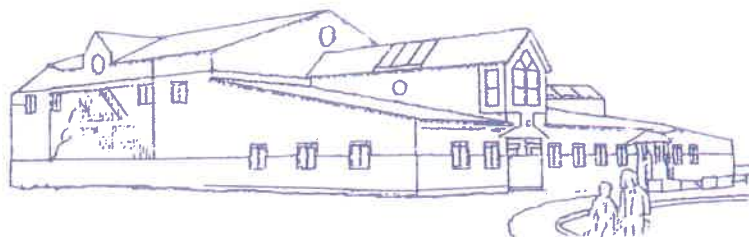

Parental requests are required for a student to be released from this instruction if it infringes upon their beliefs. To release your child from this education, please contact me prior to the scheduled date.

If you have any questions about the curriculum, please don't hesitate to contact me.

Sincerely,

Trisha Lebeda, R.N.,
School Nurse
