

Please remember to fill out your climate survey that was sent home in May from Ms. Osganian, LSW.

These surveys are a great tool to voice your concerns (or compliments) about your family's experience at Stratton School. They will help us to better understand where we can improve or where we are "knocking it out of the park."

Please visit our website for more information:

www.strattonschool.org

Thank you for your participation!
