

Dear Kindergarten Parent,

I am very excited to start a new Kindergarten year with you and your child. I love teaching at the Stratton Elementary School. Ms. Bailey DeBiase, Ms. Sheena Harp, and Mrs. Elaine Vajentic have joined our Kindergarten and Pre K team this year and they bring with them an enthusiasm and excitement for teaching and learning with young children.

We now have a new Pre K room and a Kindergarten room. This will help us socially distance when playing and working at school. The rooms are set up and ready for some eager children to join in the fun.

The first day of school for Kindergarten is on September 8, 2020. All students may eat breakfast and lunch at school with no charge. If your child will be having breakfast he/she should be at school at 7:45, as the school day starts at 8:05. Breakfast is over at 8:00. Students who are not having breakfast should arrive at school closer to 8:00.

All students should have a back pack clearly marked with your child's name on it. Please send a few healthy snacks each day and a water bottle that can be refilled here at school. This bottle will be sent home daily to be cleaned. Your child will receive a home/school folder

which will be in his/her back pack each day. Please check for parent homework or important notes from school or the teachers. You may use this folder as a means of communication for changes in your child's schedule or other important information that we may need to know.

See below the supply list for our classroom.

Please let me know if you have any questions or concerns. The number for the school is 246-2282. My e-mail address is wfriend@strattonschool.org. Please visit our Stratton website for additional information, updates, menus, and Covid updates and safety information.

Thank you for choosing Stratton Elementary School. We look forward to working with you and your child.

Sincerely,

Mrs. Friend

Ms. Bailey DeBiase

Ms. Sheena Harp

Mrs. Elaine Vajentic
