January 11, 2022

Dear Parents:

There has been an ongoing discussion regarding the options you, as parents, have for your child's secondary education. Stratton, and many of the area municipalities, allow for families to select their high school of choice. Mt Abram High School, Mt Blue High School, Rangeley Lakes Regional High School and Carrabassett Valley Academy are all schools that have had students attend after leaving Stratton School.

This Thursday, January 13<sup>th</sup> at 4:30, we will be hosting a Zoom session to discuss high school options and invite all parents of Stratton School students to attend. There is not any specific agenda as the objective is to gather and present information for families to make an educated decision for their children. We will provide follow-up information and work with area schools to provide you with contact information that assists with your decision making.

Any interested parents can contact me by email, [blondon@strattonschool.org](mailto:blondon@strattonschool.org). Also, please consider any questions or specific topics you would like more information on prior to the Zoom session, so we can provide as much information as possible.

Sincerely,

Barry O. London  
Superintendent & Principal
