As you will probably notice in town the 6th and 7th graders have been working on scarecrows in Art class and they are displayed in front of the community building. We are so thankful for the volunteers that come and assist with this project.

The eighth grade students have been working on special wood working projects and some of them are displayed here in the library, please take time to check them out.

Please take note of the Gratitude board in the hallway, students and staff are adding messages in a graffiti style and translating them to French.

There will be a Sports/ROAR assembly at 1:30 on 11/21. ROAR is part of our PBIS system and is used to recognize students for going above and beyond.

Basketball starts on Monday, November 17th.

We have a trip planned to Mt. Abram where we will play Day Mtn. and then stay to watch the MTA Girls Varsity and MTA Boys Varsity teams play.

Ski team sign ups are underway and meets will be scheduled soon.

We have a walk through with MSMA scheduled for Tuesday, November 18th at 9:00 am.

We will host the RECNFC on the 18th at 5pm.

VI. Superintendent's Report

Tim told the board that he attended the MSMA conference on Friday and found it to be very valuable information. He was sick for Thursday, but wished he had been able to attend. He found it to be a great way to network and meet others professionally as well. He noted that it would be good for the board to attend next year.

He has been attending the meetings for new Superintendents, as well and feels it's very valuable. It does, however make him feel like he's missing out or out of touch when he is not in the building for over a week.
